PROFILE

Full-stack web developer with professional and freelance experience building and maintaining web applications, WordPress solutions, and Laravel projects. Experienced with Astro, React, Next.js, TypeScript, PHP, Laravel, Node.js, PostgreSQL, MongoDB, and REST APIs. Uses structured AI-augmented development workflows to plan, build, review, document, and maintain software efficiently.

TECHNICAL SKILLS

Frontend & Design Handoff: Astro, React, Next.js, TypeScript; Figma, Sketch, Adobe XD

Backend & Data: PHP, Laravel, Node.js, REST APIs, PostgreSQL, MongoDB

WordPress: Themes, plugins, responsive templates, performance, migrations, backups, security, maintenance

AI-Augmented Development: Coding agents, project instructions, context engineering, reusable agent skills, sub-agent workflows, AI-assisted planning, debugging, review, and documentation

PROFESSIONAL EXPERIENCE

Junior WordPress Developer

Sep 2025 - Sep 2026

- Developed, customized, maintained, and improved WordPress websites, themes, and plugins.
- Contributed to Laravel-based and other non-WordPress web applications alongside WordPress projects.
- Converted Figma, Sketch, and Adobe XD designs into pixel-accurate, mobile-responsive templates and interfaces.
- Supported performance, cross-browser compatibility, migrations, backups, security updates, maintenance, feature delivery, and project documentation in collaboration with designers, content creators, and senior developers.

Web Developer | Freelance

Mar 2022 - Present

- Design, develop, and maintain websites, WordPress plugins, and full-stack products across Astro, React, Next.js, PHP, Node.js, TypeScript, PostgreSQL, MongoDB, and REST APIs.
- Develop production WordPress tooling supporting editorial workflows, client approvals, protected portals, and analytics dashboards.
- Use AI-augmented workflows with structured documentation, agent instructions, reusable skills, specialized agents, and validation across planning, implementation, debugging, review, and documentation.

ADDITIONAL EXPERIENCE

Gardener | Vesta Holidays - Leptos | Aug 2017 - Aug 2025 • Middle Rank Officer | Greek Army | Mar 2013 - May 2014 • Customer Service / Store Manager Assistant / Technician Trainee | TheWEB internet-cafe | Dec 2006 - Feb 2012

EDUCATION & DEVELOPMENT

Democritus University of Thrace - Department of History and Ethnology

Professional Development: Ongoing and completed coursework in JavaScript algorithms & data structures, TypeScript, React, Node.js, MERN/full-stack development, and modern web development.
